

Florida Federation of Garden Clubs, Inc.

Established 1924

Member of National Garden Clubs, Inc.
and Deep South Region of Garden Clubs

A 501(c)3 Non-Profit Organization

Who We Are:

Gone are the days of ladies dressed up in hats and white gloves sipping tea! We **love flowers** and like sharing them with friends. We are **stewards of the environment**. We make choices to **conserve water, protect pollinators and wildlife** by minimizing pesticide use and **providing the plants and habitats** to support them. We make a positive impact on our environment through plantings at our homes and public places. We are from all walks of life: Men and women, locals and transplants, the young and young at heart, retired and currently employed, dirt diggers and floral designers. Garden Club offers **something for everyone** to enjoy!

Mission Statement:

"Florida Federation of Garden Clubs, Inc. promotes the love of gardening, floral and landscape design, and civic and environmental responsibility by providing education, resources and networking opportunities for our members, youth and the community."
