

GARDEN CLUB PROGRAM IDEAS

Updated August 2020

Category	Title
	ALL OF THE PROGRAM IDEAS ARE GLEAMED FROM FFGC GARDEN CLUB YEARBOOKS THAT WERE PRODUCED AND SHARED EACH OCTOBER AT OUR DISTRICT MEETINGS.
	<u>General Tips:</u> A good variety of programs attracts and keeps members. A Garden Club may have only horticulture and landscape programs, but the programs can be varied. Rather than lecture after lecture, plan a variety of formats such as demonstration, clinic, hands-on workshops, tours, panel of members, forum discussion of all members with a moderator, book review, skits, etc.
	Due to the Covid virus we are all using more remote, ie ZOOM, meeting. Therefore, two new categories have been added to this list: Videos and Webinars. These are just a few of the many sources available online.
	Monthly study: in addition to a main program, a club may have a 5-10-minute monthly study, design exhibit, etc. given by member/s.
	Master Gardeners and County Extension Offices are great resources for speakers and programs as are local nurseries and plant related businesses
Craft	Building Bird Houses
Craft	Carve a Pumpkin & create a Spooktacular Arrangement
Craft	Creating Silk Scarves
Craft	Drying & Pressing Flowers for use in artwork, cards, etc.
Craft	Flower bomb making
Craft	Flowers & Quilts
